

2017

IMM TRAINING CALENDAR

INSTITUTE OF MATERIALS, MALAYSIA

JANUARY

- 16 Blasting & Painting Training Course
- 16 Corrosion Control by Cathodic Protection
- 16 Corrosion Technician Level 1
- 16 Vibration Practitioner Level 2
- 23 Corrosion Control by Protective Paint
- 23 Coatings Inspection Certification Scheme Level 1
- 24 Introduction to Thermal Insulation
- W Protective Coatings Technician Certification Scheme

JULY

- 4 Coatings Inspection Certification Scheme Level 2
- 12 Certified Welding Inspector
- 17 Corrosion Control by Protective Paint
- 17 Coatings Inspection Certification Scheme Level 1
- 17 Corrosion Control by Cathodic Protection
- 17 Corrosion Technician Level 1
- 24 Welding Metallurgy of Steels
- 24 Vibration Practitioner Level 2
- W Protective Coatings Technician Certification Scheme

email ikmal@mte.com.my /
aitya.azlin@mte.com.my

FEBRUARY

- 13 Coating Quality Control Technician
- 13 Associate Welding Engineer (JWES)
- 13 Welding Engineer (JWES)
- 16 Coatings Inspection Certification Scheme Level 2
- 20 Corrosion Control by Protective Paint
- 20 Coatings Inspection Certification Scheme Level 1
- 20 Cathodic Protection Technician
- 22 Coating Fingerprint Foundation
- 23 Coating Fingerprint Quality Controller
- 27 Welding and Joining Technology for Non Welding
- W Protective Coatings Technician Certification Scheme

AUGUST

- 1 Associate Welding Engineer (JWES)
- 7 Welding and Joining Technology for Non Welding
- 14 Blasting & Painting Supervisor
- 15 Corrosion Control by Protective Paint
- 15 Coatings Inspection Certification Scheme Level 1
- 22 Repair Welding of Pressure Equipment in Refineries and Chemical Plants
- 23 Coating Fingerprint Foundation
- 24 Coating Fingerprint Quality Controller
- 24 Thermal Insulation Installer Certification Scheme
- W Protective Coatings Technician Certification Scheme

MARCH

- 6 Steel Technology for Non Technical Personnel
- 13 Coating Quality Control Technician
- 14 Welding Metallurgy of Steels
- 16 Coatings Inspection Certification Scheme Level 2
- 20 Corrosion Control by Protective Paint
- 20 Coatings Inspection Certification Scheme Level 1
- 27 Certified Welding Inspector
- 27 Thermal Insulation Installer Certification Scheme
- 28 Vibration Practitioner Level 1
- W Protective Coatings Technician Certification Scheme

SEPTEMBER

- 1 Metallurgy for Engineers/Managers
- 11 Corrosion Control by Protective Paint
- 11 Coatings Inspection Certification Scheme Level 1
- 18 Welding Engineer (JWES)
- 19 Coating Quality Control Technician
- 19 Steel Technology for Non Technical Personnel
- 25 Corrosion Control by Cathodic Protection
- 25 Corrosion Technician Level 1
- 25 Vibration Specialist Level 3
- W Protective Coatings Technician Certification Scheme

APRIL

- 1 Thermal Insulation Installer Certification Scheme
- 3 Welding and Joining Technology for Non Welding
- 3 Certified Welding Inspector
- 4 Coatings Inspection Certification Scheme Level 2
- 4 Metallurgy for Engineers/Managers
- 10 Senior Welding Engineer (JWES)
- 11 Repair Welding of Pressure Equipment in Refineries and Chemical Plants
- 17 Corrosion Control by Protective Paint
- 17 Coatings Inspection Certification Scheme Level 1
- W Protective Coatings Technician Certification Scheme

OCTOBER

- 2 Calculation of Strength of Welded Projects
- 2 Corrosion Technician Level 2
- 3 Cost & Estimation of Welding Projects
- 4 Interpretation of Weld Quality by Welding Code
- 5 Interpretation of Weld Quality by Radiographic Method
- 9 Blasting & Painting Training Course
- 9 Corrosion Control by Protective Paint
- 9 Coatings Inspection Certification Scheme Level 1
- 23 Thermal Insulation Installer Certification Scheme
- W Protective Coatings Technician Certification Scheme

MAY

- 3 Coating Quality Control Technician
- 8 Calculation of Strength of Welded Projects
- 9 Cost & Estimation of Welding Projects
- 10 Interpretation of Weld Quality by Welding Code
- 11 Interpretation of Weld Quality by Radiographic Method
- 15 Corrosion Control by Protective Paint
- 15 Coatings Inspection Certification Scheme Level 1
- 15 Welding Engineer (JWES)
- 15 Cathodic Protection Engineer
- 23 Steel Technology for Non Technical Personnel
- W Protective Coatings Technician Certification Scheme

NOVEMBER

- 1 Coating Fingerprint Foundation
- 2 Coating Fingerprint Quality Controller
- 6 Certified Welding Inspector
- 13 Coating Quality Control Technician
- 15 Coatings Inspection Certification Scheme Level 2
- 20 Coatings Inspection Certification Scheme Level 1
- 20 Corrosion Control by Protective Paint
- 20 Associate Welding Engineer (JWES)
- 20 Cathodic Protection Technician
- 27 Steel Technology for Non Technical Personnel
- W Protective Coatings Technician Certification Scheme

JUNE

- 5 Introduction to Thermal Insulation
- 19 Corrosion Control by Protective Paint
- 19 Coatings Inspection Certification Scheme Level 1
- W Protective Coatings Technician Certification Scheme

Other Courses (Upon request)

- Welding SMAW, GMAW, GTAW (IG-6G)
- API-570 Piping Inspector
- API-510 Pressure Vessel Inspector
- API-653 Above Storage Tank Inspector

DECEMBER

- 1 Welding Metallurgy of Steels
- 4 Cathodic Protection Engineer
- 5 Corrosion Control by Protective Paint
- 5 Coatings Inspection Certification Scheme Level 2
- 12 Vibration Specialist Level 4
- W Protective Coatings Technician Certification Scheme

* Registration and full payment of course must be made at least 2 months prior to the course

- Date
- W Weekly
