

**IMM-SSPC CERTIFICATION  
ABRASIVE BLASTING PROGRAM C7  
SPRAY APPLICATION PROGRAM C12**

| HOST | COURSE                | DATES        | FEES      |
|------|-----------------------|--------------|-----------|
| IMM  | Abrasive Blasting C7  | July 9 - 10  | RM 2, 900 |
| IMM  | Spray Application C12 | July 11 - 12 | RM 2,900  |

The IMM-SSPC Abrasive Blasting C7 and IMM-SSPC Spray Application C12 courses supersedes the IMM Certified Protective Coating Technician Level 1 and IMM Certified Protective Coating Technician Level 2 effective 1 July 2018.

The IMM-SSPC C7 and C12 is PETRONAS minimum certification for Blaster & Painter including Supervisor and Lead Position as per the latest PETRONAS Technical Standard (PTS) 152003 Protective Coating and Lining (January 2018).

This IMM-SSPC Certificate is globally recognized and accepted by SSPC.

**COURSE DESCRIPTION**

**IMM SSPC Abrasive Blasting (C7)**

The C7 course is designed for contractor personnel who wish to obtain certification, or others who wish to learn about blast cleaning of steel nonferrous surfaces.

It covers principles of surface preparation, surface cleanliness, surface profile, dust and debris control, and abrasives.

**Spray SSPC Application (C12)**

The C12 course assesses the skills of sprayers who have a minimum of 800 hours applying protective coatings with airless/conventional spray in an industrial or marine environment.

This course is designed to train and certify marine / industrial applicators to operate airless / conventional spray equipment.

**TRAINING CENTRE LOCATION**

**Schmidt Abrasive Blasting**  
Lot 2, Jalan Zuhai U5/178  
Seksyen U5, 40150 Shah Alam  
Selangor, Malaysia

**WHO SHOULD ATTEND ?**

- ✓ Contractors and Facility owners
- ✓ Contractor personnel who wish to obtain certification
- ✓ Project Supervisors
- ✓ Craftworkers involved in using airless/conventional spray technology
- ✓ Others who wish to learn about dry abrasive blast cleaning of steel
